

MEET YOUR AI SECURITY EXPERT

Harvey AI

The Security Industry's First AI Voice Assistant

"What cameras work for a parking garage?"

"Is this system NDAA compliant?"

"Estimate a 50-camera school project"

WHAT HARVEY CAN DO

Product Search

Search 261K+ security products by spec, application, or manufacturer. Get instant recommendations with real pricing.

Camera Recommendations

Describe the scene — Harvey recommends the right camera based on environment, lighting, resolution, and use case.

Compliance Lookups

Instant answers on NDAA, HIPAA, CJIS, NIST, and 21 more frameworks. Never miss a compliance requirement again.

Instant Estimates

Describe a project by voice and Harvey builds a preliminary estimate — automatically populates Estimator Hub.

HOW IT WORKS

1

Talk to Harvey

Speak naturally about your project, question, or design challenge

2

AI Processes

Harvey searches products, checks compliance, and builds recommendations

3

Get Results

Receive answers, estimates, and product specs — ready to use or hand off
