

FOR ESTIMATORS & PRE-SALES ENGINEERS

The Most Powerful Estimating Engine in Security

195K+ products, real-time distributor pricing, multi-trade bundling — one platform.

 Security AV IT / DataCom Fire Alarm

ESTIMATOR HUB — KEY CAPABILITIES

**195K+ Verified Products**

Real distributor pricing from Panduit, Leviton, CommScope, Corning, Belden

**AI-Powered Intake**

Describe the project in plain language — AI builds the initial BOM

**Real-Time Pricing**

MCP integration pulls live distributor costs automatically

**Multi-System Bundling**

Cross-trade discounts automatically applied across systems

**One-Click Proposals**

Direct handoff to Proposal Maker — estimate to proposal in seconds

**Compliance Built In**

25 frameworks auto-flagged per project — NFPA, NEC, ADA & more

**Device Takeoff**

Drop a DXF → Get Device Counts in Seconds
