

SECURITY FOR MULTI-FAMILY & HOA

# Secure Every Building. One Platform.

Standardized security design for apartments, condos, and HOA communities with shared infrastructure and resident-friendly access.

Apartments

Condos

Townhomes

Gated Communities

Student Housing

Senior Living

## SECURITY SYSTEMS

### Building Entry

Video intercom, mobile credentials, guest management, package delivery

### Parking Structure

LPR cameras, garage access, reserved spot monitoring

### Common Area Coverage

Pool, gym, clubhouse, mail room, elevators, hallways

### Unit Access

Smart locks, resident app integration, maintenance access logs

### Perimeter

Gate automation, fence detection, PTZ coverage of entry points

### Network Infrastructure

Building backbone, riser cabling, PoE distribution

## PROPERTY MANAGEMENT BENEFITS

- ✓ Standardize across your entire portfolio
- ✓ Resident-friendly proposal documents for board presentations
- ✓ Reduce liability with documented compliance
- ✓ Template-based design — configure once, deploy to every building
- ✓ Phased rollout plans that fit annual budgets
